

Class Discussion on Privacy Policies ID Social Media Apps

Given below are the links for the privacy policies for the four social media applications

Meta: <https://www.facebook.com/privacy/policy/>

Snapchat: <https://values.snap.com/privacy/privacy-policy>

WhatsApp: <https://www.whatsapp.com/legal/privacy-policy>

Twitter: <https://x.com/en/privacy>

Question 1: How is user data collected and used by Facebook(meta), WhatsApp, twitter and Snapchat? How can a use manage privacy settings? Choose any two Applications

Question 2: Is there any clause in the privacy policy which says that the data can be shared with a third party?

Question 3: Compare any two social media applications based on the following criteria. Which one do you think is considered as the best policy?

- | | | |
|------------------------|-------------------------|----------------------|
| 1. Data Collection | 3. Tracking Outside App | 5. Location Tracking |
| 2. Third-Party Sharing | 4. Facial Recognition | 6. Security Risks |
